TREKKING '11

LEKI/Marc

AERGRON (air + ergonomics) technology is infused into a trendsetting grip - the lightest in LEKI history.

- Revolutionary, edgeless outer shape for comfort and performance now available in three materials

- Thermo Foam
- COR-TEC
- Soft Rubber

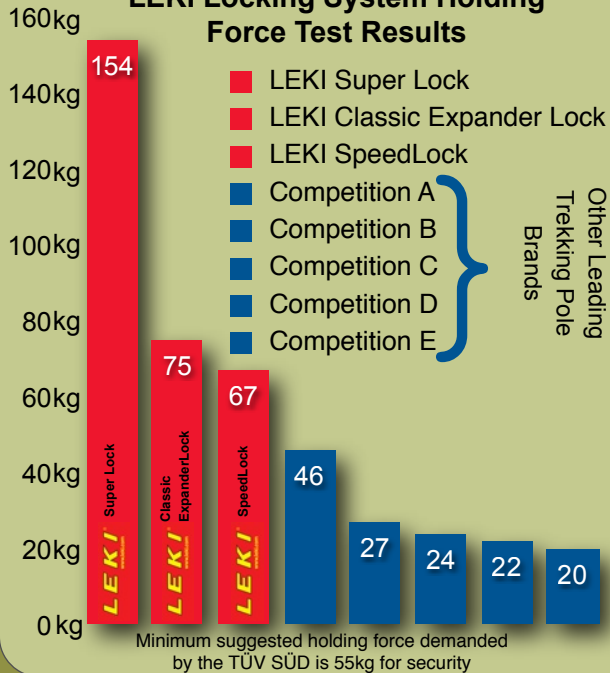

Introducing the pinnacle of strength, convenience, and reliability.

SpeedLock

- External adjustment system with the highest locking force in the world.
- Certified by TÜV SÜD as the strongest external locking system in the world.
- Extremely fast adjustment, simple and easy to use mechanism.

LEKI Locking System Holding Force Test Results
